Meetings re new hall have happened – Hall design seems very practical & functional. Is a Hall/Gym with adequate toilets, change rooms and retractable seating. Will seat 960 – is a whole school venue.

A lot of positive changes – local input seems to be listened to at meetings now.

DA is in at present.

Principal's report accepted unanimously.

#### **General Business.**

Aaron Grugan raised the future of the P&C Facebook site. After discussion it was decided to close the MRHS P&C facebook page and a new MRHS-Griffith P&C facebook page would not be opened yet

Paulette Catanzariti made the point that the last parent teacher evening, without appointments went well. It was discussed and thought that using 2 floors could improve things in the future but would require getting around the need for a key to use the lift.

The continuing delay officially naming the school & uniform decisions was again discussed and appears unavoidable.

It was discussed and unanimously decided to abandon a December meeting and make the November meeting a dinner meeting on Tuesday the 19<sup>th</sup>.
